# **Solutions for Life Science**

Scientific Instrumentation New Zealand

### Life Science

Life science is an integral component of our lives. From breakthrough medicines to the food that we eat work in this area ensures not only our health and wellbeing but also that of the world around us. Whether you work in healthcare and diagnostics, research and development, testing or production DKSH Life Science offers solutions across all areas.

We will work with you to provide bespoke solutions according to your needs. Our

sales and service teams work together to ensure our solutions are backed by knowledgeable professionals equipped to provide applications and after-sale support.

## **Product Categories**

#### **Cell Analysis**

μ-Slides, μ-Dishes, Chamber Slides & more

Heating, Incubation & Perfusion Systems

Cell Culture Plasticware

Microscopes

Incubators

Frigdes and Freezers

3D Bioprinter

Microplate Readers and Washers

Autoclaves

#### **Molecular Technologies**

Extraction Kits

Thermal Cyclers and qPCR

Pathogen Detection Kits

**PCR Reagents** 

**Electrophoreiss Tools** 

**UV-VIS Spectrophotometers** 

#### **Nanoparticle Production and Analysis**

Nanoparticle Tracking Analysis

Dynamic Light Scattering

Colloidal Stability Testing

Nanoemulsions

Water Activity

Freeze Dryer

Particle Size Analyzer

#### **Bioproduction and Analysis**

Cell Disruption

**Biochemistry Analyzers** 

Cell Viability

Osmometers

Bioreactors

Flash Purification

#### **Laboratory Information Management Solutions**

Scientific Data Management System
